Good Morning Tabitha, I have just received the receipt from Charles for the new drive that he had to purchase to download the camera footage. Due to the volume of the file, the data would not load on the previous drive that Charles downloaded and therefore we had to get this backup drive that could handle more data. Wesley is waiving the administrative fees for Charles' time that it took him to download the content, due to you having to wait longer than usual to receive your response. The only charge will be for the portable storage drive for which I have attached the receipt for. Charles purchased (2) drives therefore your fee will be one half of the total on the receipt. Your fee is \$59.39. The drive with the camera footage is available to pick up at the Commissioners Office. Again, we apologize for the delay. If you have any further questions, please contact me at 912-393-7108.
